

# Dark Field Microscopy Live Blood Cell Research in scalar energy

In November 2024, a four week research project looked at the effects of scalar energy on live blood cells. 36 men and women participated. Dr. Alvita Soleil, Doctor of Oriental Medicine and Director of Kohala Health and Wellness Center, spearheaded the blood and urine analysis.

**Just looking at these photos, regardless of your knowledge of blood,  
you can see that something miraculous is occurring!**

Blood Before

Blood After 1 hour in scalar energy
